

Cloute, Inc. Simplifying Building Care

Our Proven Process Building Services

A step-by-step guide

Introductory Meeting

We learn about you and what is important to you and your team. With you, we get to know your building and your unique needs.

Formulate a Building Services Plan (BSP)

Our team of experts formulates a professional cleaning plan according to your specific and unique needs. We then personally share that plan with you.

Execution and Supervision

Our team of experts trains our service technicians and executes your unique BSP. We commit to listening, training, and continually improving your building care.

Evaluation

Our team of experts provides routine inspections for you and your team to ensure your specific BSP is carried out with care and excellence.

Monitor Progress & Adjust as Needed

Our team of experts will be in close communication with you and your team throughout the relationship to ensure the highest level of customer care. Through professional grade cleaning and high level of interaction we ensure a high quality customer experience.
